

The Hatton W. Sumners Papers

A.46.213

Index

Each citation consists of two parts. The number before the decimal point designates the box containing the desired information. The number after it designates a specific group of folders. For example, 87.1 follows **Wage and Hour Bill**. By consulting the register, the researcher would locate under Box 87 **Legislative Correspondence 1938: Reorganization Bill** (folders 1.1 – 1.23). He then would scan the register under **Legislative Correspondence 1938: Reorganization Bill** to find specific folder(s) containing the desired material.
